

ENHANCED FORMULARY

2021 Comprehensive Medication List

Effective Date: July 1, 2021

This document has information about the drugs covered in your plan. Please read carefully.

How We Create Our Formulary

We want to make sure our formulary (drug list) reflects clinical standards and gives our members the best value. To do this, we work with a Pharmacy and Therapeutics (P&T) Committee to review new FDA-approved drugs and those already on the market. Doctors, pharmacists and nurses make up the committee. They choose the drugs based on safety, effectiveness and cost compared to other drugs in their class.

Formulary Design

Our Enhanced formulary includes these types of drugs: generic, preferred and non-preferred, specialty and Affordable Care Act (ACA)-approved preventive drugs. It is a closed formulary. This means that coverage is limited to those drugs listed in each of 4 tiers, along with the preventive drugs.

Tier 1

Lowest member cost share. Most, but not all, generic medications are in Tier 1.

Tier 2

Contains some higher-cost generic and preferred brand-name drugs. Preferred brand-name drugs often have lower copayments than non-preferred brand-name ones.

Tier 3

Mostly non-preferred brand-name drugs, though it may contain some higher-cost generics. Non-preferred drugs often have higher copayments than preferred brand-name drugs.

Tier 5

This tier contains specialty drugs and has the highest copayment and cost. These drugs are used to treat complex or rare health problems.

ACA Preventive Drugs

May be covered with no copayment if they meet ACA requirements for age, gender and/or risk factors.

Medical Management

We work to make sure our members get the right care and the right medication for all health issues, in all care settings. Utilization management determines if a medicine is medically necessary. A drug may include one of these labels on how it is to be used:

PA – Pre-authorization

Covered only if pre-authorized (pre-approved). You or your doctor must have approval before filling the prescription. If you don't get approval, your medication may not be covered. Call OptumRx at 877.629.3118 to start the pre-authorization process. Your doctor must provide the needed information to OptumRx for review.

PV – Preventive Medication

These medications may be available at no member cost share as specified by the United States Preventive Services Taskforce (USPSTF).

QL – Quantity Limits

Covered only for a limited number of doses over a certain amount of time. To learn more about QL on a certain drug, call OptumRx at 877.629.3118.

ST – Step Therapy

Requires use of some other drug first before it is covered. Starts with the most cost-effective and safest drugs and moves on to other more costly ones only if needed. Examples are muscle relaxants and some specialty drugs.

Formulary Changes

The P&T Committee meets often to review new information. This means the formulary may be changed. Some reasons for changes include:

- Generic forms of the brand drug now exist. The brand-name drug may no longer be covered if a generic is available. The generic may be covered at a lower copayment or cost share.
- New drugs may be added to the list.
- A drug may be taken off the market by the Food and Drug Administration (FDA)
- A drug no longer requires a prescription. Often, over-the-counter drugs are not covered.

Note: Always check the most current formulary at QualChoice.com.

Exceptions to the Formulary

You, someone you approve or a prescriber can ask for an exception. If there are good reasons why you cannot take a drug according to the coverage requirements*, you may ask for an exception. You may also ask for it if you:

- have tried all formulary alternatives, or
- there are good medical reasons why the alternatives would not work for you, and
- the requested drug is medically necessary, and
- the drug is not on the formulary

The request can be made by email, fax, mail or telephone. We will let you and your prescriber know the decision in writing. The *Formulary Override Exceptions Request* form can be found at QualChoice.com.

**step therapy, quantity limits, etc.*

Appeal Process

You have the right to appeal any decision by QualChoice to not provide or pay for a medication. You may file an appeal by filling out the Member Appeal Request Form at QualChoice.com. You may also call us at 501.228.7111 or 800.235.7111 and ask for a copy to be mailed to you.
