VISION BENEFITS

Vision care plan administered by  SuperiorVision™

Vision plans offer tremendous value

Offering vision care plans as part of a comprehensive benefits package can result in increased employee satisfaction and retention.

The benefits are measurable

Decreased healthcare costs

Vision coverage can help cut into healthcare costs by relying on routine eye exams as a preventive step to diagnose health issues early.

Increased employee retention

98% of employees believe that offering vision benefits shows that the company cares about their well-being.¹

Better employee productivity

Businesses lose nearly \$8 billion annually to lost productivity and medical expenses. Improved vision can help.²

High value at a low cost

The benefit provides value in excess of the premium paid.

The facts

- Nearly 16 million Americans experience uncorrected vision problems³
- This figure might double by 2050 due to aging³
- Over 142 million Americans above the age of 40 experience vision problems³
- 50 - 90% of computer users suffer from computer vision syndrome⁴
